PROTEST

Dear Mr. Director!

Received no satisfaction from the response to the complaint of Pilot #18, we ask to recalculate the results for tasks 6, 7, taking into account the following:

- 1) Method of calculation of points in tasks 6, 7, "the substituted" (not achieved by Pilot #1) results give the misjudgment to other competitors.
- 2) The same occasion must entail the same sentence / promotion / compensation for each participant.

We believe that the compensation points awarded to the collision victim, should be fixed and shouldn't be dependent on the current position in the standings (for the exception of corrupt and discriminatory component).

Best regards,
Menyailo I.
